PRESIDENT RESIGNS.

Figuro Gives up the Government
Reins of Santo Domingo.

HE FAVORS JIMINEZ.

The Ministers Are Holding on Pending
the Organization of a Provisional Government—Santiago Finally Captured.

Santo Domingo, Aug. 31.—President Figuro has resigned. The ministers will continue at the head of the different departments until a provisional government is formed after which the elections for president and vice president will take place. The city is quiet, but business is at a standstill. The Dominican gunboat Resturcion is ashore on rocks near Macoris. Efforts are being made to get her off. The United States cruiser New Or-

DON JUAN ISIDORO JIMINEZ.

leans and the French cruiser Cecille are still in port.

Juan Isidoro Jimenez has arrived at Sanchez on board the French steamer, Georges Croise.

Santiago, Moca, La Vega, Porto Plata, San Francisco de Macoris and Bani have declared in favor of the revolution.

Santiago was taken after a strong fight. It is expected all the other places will submit to the revolution without more fighting, principally owing to the fact the president has resigned.

The Report Confirmed.

Washington, Aug. 31.—The navy department has received official confirmation of the Associated Press dispatches announcing the resignation of President Figuro of Santo Domingo, by the following cablegram from Captain Longnecker of the New Orleans:

"President Figuro resigned at 4 o'clock yesterday."

Another Confirmation.

Cape Haytien, Aug. 31.—News has been received here confirming the report that Figuro has abdicated. It is added that he abdicated in favor of Jimenez.

GREEN IS HOPEFUL.

He Says He Will Yet Pull Texas into the Republican Column.

New York, Aug. 31.—E. H. R. Green, chairman of the Republican state committee of Texas, says:

"I am going home to Terrell, Tex., in a few days and will soon be in the field ready for the campaign next year. I take a great interest in politics and while it may seem almost too much to hope, yet I believe that in the near future Texas will be reclaimed for the Republican party. The silver craze has done much to strengthen us. The delivery of the Democratic party to the free silver men and the apparent determination of those in control of the party machinery to cling to free silver as an issue has driven the best men from the Democratic party into the Republican ranks. They have been a great help to us and I believe next year their number will be greatly increased. We have made heavy gains in the last two or three years, and everything points to a continuance of this growth. It is bound to come in time and Texas will ultimately be Republican. The majority of Democrats in Texas favor W. J. Bryan for the renomination and it seems likely that he will win the nomination."

Crisis Coming in Spain.

London, Aug. 31.—It seems, according to the Daily Mail's Madrid correspondent, that a grave constitutional crisis is at hand in Spain. The young king is neither physically or mentally strong and there is a general desire for the queen regent to retain the reins of office for some time, even after he is of age, which will be in three years' time, when

he reaches his sixteenth year. There are very grave fears of internal trouble and beside the Carlist danger is not over. Indeed, it is said Don Carlos is now on the French frontier, near Luz.

Free Mail Delivery.

Cleburne, Tex., Aug. 31.—Free mail delivery goes into effect here Friday. Postmaster Dickson has everything in readiness to begin on that date. The carriers have been busy learning their routes for several days.

MCLEAN IS NOMINATED FOR GOVERNOR OF OHIO.

He Was the Choice of the Democrats
and Was Selected on the
First Ballot.

Zanesville, O., Aug. 31.—John R. McLean, editor and proprietor of the Cincinnati Enquirer was nominated by the Democrats of Ohio for governor late Wednesday afternoon.

After the adoption of the platform came the nominations and the call of counties for the nomination of governor brought out the names of ex-Mayor James A. Rice of Canton, General Isaac R. Sherwood of Toledo, Colonel James Kilbourne of Columbus, Hon. Charles N. Haskell of Ottawa, James Mansfield of Mansfield and John R. McLean of Cincinnati.

McLean was nominated on the first ballot by the following vote:

McLean, 402; Kilbourne, 227; Haskell,

JOHN R. MCLEAN.

55; Rice, 294; Sherwood, 27; Seward, 25; Lentz, 5.

There was such a demonstration toward the close of the ballot that the secretary had great difficulty in making himself heard. He had announced the vote of only the two leading candidates when a motion was made and carried to make the nomination unanimous. The convention then took a recess until 4 p.m.

Mr. McLean was given a rousing ovation when he entered the hall when the proceedings began and thanked the convention for the honor.

The following is the full ticket nominated:

Governor—John R. McLean.
Lieutenant governor—A. W. Patrick.
Attorney general—W. H. Dore.
Auditor—George W. Sigaford.
Treasurer—James L. Gorman.
Member board of public works—F. D. Malin.
Supreme Judge—D. C. Badger.

SKETCH OF THE NOMINEE. He Was Born at Cincinnati and Lived There All His Life.

Cincinnati, Aug. 31.—John R. McLean was born in Cincinnati Sept. 17, 1848. He went from Harvard to Germany. After he had served in all the departments of the Enquirer office he became half owner in 1872, and sole owner in 1881. Mr. McLean has conducted the Cincinnati Enquirer for over a quarter of a century and its success is due to him. He has succeeded in many other enterprises. He has been a staunch supporter of organized labor and a friend to the poor. When the price of coal was raised in Cincinnati while the Ohio river was frozen over some years ago, Mr. McLean went into the coal business, sold at the old price to workingmen and gave coal free to the poor. He wrecked the combine. During the summers he gives ice free to the poor of Cincinnati. His donations annually to local charities are large. Every Christmas he distributes from \$5000 to \$10,000 to the poor of Cincinnati.

While Mr. McLean has never held public office he has been a powerful factor in politics. Through The Enquirer he not only brought out the first winning candidate for governor in his generation in William Allen in 1873, but he also furnished the issue then in his opposition to a contracted currency.

In 1885 McLean was the Democratic nominee for senator against Sherman. Two years ago McLean was the generally recognized candidate of the Democrats for senator and Senator Hanna of the Republicans.

Mr. McLean has been prominent at national as well as local and state conventions.

Six Burned to Death.

Yuma, Ariz., Aug. 31.—Fire here destroyed E. F. Sagnetti's merchandise store, resulting in the loss of six lives. A crowd of men were carrying goods from the building when the second floor fell upon them, killing City Councilman H. F. Heahr, Rolf Wilson, James Tapi, Julian Presciado, R. R. Rivera and Richard Wilson, and injuring many more. Property loss is placed at \$150,000; insurance \$50,000.

Exemptions from Franchise Tax.

KINDERGARTEN MOVEMENT IN GALVESTON.

Read Before the State Federation of
Women's Clubs by Mrs. Ju-
lius Runge.

With the closing of the nine-
teenth century, the millennium
seems to be dawning upon us. We
have as yet only a faint idea of all
the beautiful things in store for us,
to help us on to more perfect lives.
The beauty of our awakening is
that we realize more and more the
brotherhood of man and the pur-
pose of our existence. For there
is no great result effected in any
department of life, no great effort
of thought, no great invention, that
comes of the unaided agency of any
single mind. We are all parts of
the same whole, all God's children,
all members of the same body. We
can do nothing without co-opera-
tion, and the human heart that
thinks it does, so thinks in the sim-
plicity of its ignorance.

Our greatest aim in life should
therefore be to help each other in
every possible way to get an under-
standing of the highest truth, which
sets us all free. To do this we
must not only learn, but unlearn a
great many things, which through
custom and habit have become a
part of us, we see more and more
the importance of doing for the

children and beginning with them
as young as possible, because we
must found their life principles
upon a firm foundation. As soon
as their little feet are strong enough
to take them out of sight of their
parents or guardians, their sur-
roundings ought to be so pure and
good that no fear of contamination
need fill the parents' minds. For it
is as natural for a character to
become beautiful as it is the flower;
it all depends on its environment.

What could protect so young a
child and bring about such an ideal
state of affairs? I say it is the kin-
dergarten, where the spiritual
child is developed, never to forget
the beautiful truth it there imbibes,
and which, once awakened, will, as
it grows and unfolds, be one of
those great helpers in the world.
"The aim of the kindergarten is to
develop the child of thought, as a
being of feeling and of will, and in
the totality of his relationships to
nature, to man and to God."

Froebel called his life-work the
kindergarten (child garden). Froe-
bel tells us that his early relation-
ship with nature was the awaken-
ing of his soul life. It is strange
that after Froebel had completed
his work and stood watching the
children gathered in happy groups
in a garden, carrying out the work
he had been planning for years,
that until then undecided what
name it should have, he sud-
denly exclaimed in ecstasy: "Eure-
ka! Kindergarten it shall be nam-
ed?"

The kindergarten is a home of
love where the "gift of God" our
children are to be fostered with
tender nurture, that they may un-
fold the divine possibilities, which
are inherent to us all, because God
made us in his image and likeness

DREYFUS TRIAL.

Secret Session of the Court Discusses the
Famous Dossier.

Renney, Aug. 31.—The trial by court-
martial of Captain Dreyfus opened
this morning behind closed doors
and so continued until 9:15 o'clock.
Majors Hartman and Ducros and Gen.
Deloye, all of the artillery, were present.
The court discussed the secret docu-
ments relating to artillery subjects in
the bordereau.

The public were admitted at 9:30. The
first witness called was Captain LeBrun
Renault, who reiterated his testimony
given before the court of cassation, re-
peating the terms of the alleged confes-
sion of Dreyfus, which was as follows:
"I am innocent. In three years they
will recognize my innocence. The min-
ister knows it. If I delivered documents
to Germany it would have more impor-
tant ones in return." The witness in
explanation said he did not refer to the
confession of Dreyfus during his
interview with President Casimer-
Perier, because he overheard the
conversation during a course which he
called "traitor, canaille" and "cur."
came as a surprise, for he did not men-
tion this in the evidence before the court
of cassation, Labori, the leading coun-
sel for defense, pointed out. M. Labori,
also laid stress on the fact that Captain
LeBrun Renault should have kept the
notebook in which he asserts he made a
note of the conversation of Dreyfus, for
he kept it four years and destroyed it
on the very morning the matter was
brought up in the chamber of deputies.
The captain's reply that he looked upon
the copy made by M. Cavaignac,
then minister of war, as being sufficient
was considered rather lame.

Dreyfus in replying to the witness
began by calmly declaring that Captain
LeBrun Renault's statement that Cap-
tain Datelle was present during the con-
versation was inaccurate. The witness,
however, maintained that Captain Da-
telle was present, whereupon Dreyfus
said if he was present, he, (the prisoner)
did not speak with him. Dreyfus then
raised his voice excitedly, and accom-
panying his words with short, emphatic
gestures, and a quivering emotion, pro-
tested that Captain LeBrun Renault
should repeat to the chiefs, utterances
which began with his protestation of
innocence, without asking him to ex-
plain his words. "Those maneuvers,"
cried the prisoner, "must fill all honest
men with indignation." This declara-
tion of the prisoner, made a deep im-
pression on the audience. Dreyfus spoke
the last words through his teeth and
was evidently laboring under the
greatest excitement and indignation.
The audience broke into the cry of
"bravos," which gendarmes immedi-
ately suppressed.

Captain Antoine followed and re-
peated what Captain Datelle said con-
firming the confession. Dreyfus replied
that he had not spoken to Captain Da-
telle. On being recalled, Captain LeBrun
Renault said this was true, but he ad-
ded Captain Datelle was present and
could have overheard the conversation.

M. Labori here pointed out that Cap-
tain Datelle had not spoken to the
chiefs on this subject and General Mer-
cier, who like all military witnesses
followed the proceedings with the keen-
est attention, arose and admitted this
was correct.

Colonel Jouaust told Dreyfus he had
not explained why he mentioned the
term of three years, to which Dreyfus
replied: "I did not give three years as a
term. I only said that I hoped in the
course of two or three years my inno-
cence would be recognized. And I wish
to state, my colonel, that my letters to
General Gonze show my words did not
have the sense which evil minds sought
to make them."

M. Labori then had General Gonze
called to the bar and asked him if he
did not use the alleged confession of
Dreyfus in opposing Colonel Picquart's
arguments in favor of a revision? Gen.
Gonze replied that he did not, where-
upon M. Labori asked for letters ex-
changed between General Gonze and
Colonel Picquart to be read. The clerk
of the court began to read a letter be-
ginning "My Dear Picquart," when
General Gonze interrupted him and
asked that Colonel Picquart's previous
letter be read first, but as the letter was
not available, its reading was adjourned
until tomorrow.

Major Forzinetti, who was governor
of the Cherche Midi prison during the
time Dreyfus was imprisoned there, tes-
tified in behalf of Dreyfus, declaring
that he never heard of the confession of
Dreyfus. He said he frequently met
Captain LeBrun Renault and Datelle
and neither of them ever alluded to the
alleged confession.

The session concluded with confronta-
tions of Captain LeBrun Renault and
General de Boisdeffre, the former ex-
plaining he did not speak to Major For-
zinetti of Dreyfus' confession, because
he received instructions to keep silent.
General de Boisdeffre denied Major For-
zinetti ever expressed to him that Drey-
fus was innocent. The major maintained
the assertion, however. Court then ad-
journd.

Corsicana, Tex., Aug. 31.—Mrs. Wal-
ton, mother of Mr. C. C. Walton, the

that is raising a mixed brood of turkeys
and quail. The hen disappeared sev-

until a few days ago, when she showed
up with a brood of five well grown
young turkeys and two young quail
nearly half grown. The hen appears to
be just as fond of the quail as she is of
the young turkeys and the quail
also take to their foreign mother as
naturally as the young turkeys do.

At the A. and M. College.
Splendid Course Selected.

The course of Lyceum entertain-ments given under the auspices of the Y. M. C. A. of the Texas A. and M. College will be unusually strong the coming season. Seven attractions have already been selected from the list presented by the New South Lyceum Bureau of Nashville, Tenn., and they are all of the very best that money can purchase. Following is the talent so far chosen:

November, Grecian Art Tab-leaux and Concert company of Bos-ton. One of the very finest con-cert companies that will visit the south this next season.

December, Edmund Vance Cooke. A reader and impersona-tor without a superior. He made a big "hit" at the Texas-Colorado chautauqua this summer.

January, Dr. Robert Nourse. Widely known as "America's great-est dramatic orator."

February, Elijah P. Brown, hum-orist. Enjoys an international reputation as the founder and edi-tor of "Ram's Horn."

Also Mr. Alfred A. Farland. The finest banjo virtuoso in the world.

March, Dr. Thos. H. Dinsmore. Without an equal as a popular and scientific speaker.

April, The Mozart Symphony Club. A first-class concert com-pany in every respect.

Negotiations are also pending for the Apollo Male Quartette com-pany.

Why cannot Bryan have a lyceum? It would prove of incalcula-ble value, not only to our young people, but to the grown folks as well, for the lyceum is truly a cos-mopolitan university for adults. The ladies can always be counted upon to do their share, and if they will lend their earnest co-operation Bryan may have a lyceum this next season.

Dr. F. R. Ross, assistant superintend-ent of the Austin insane asylum, is in the city, the guest of Mr. and Mrs. Frank Clarke.

Judge W. H. Harman's name appears this morning under the head of an-ouncements for mayor. The late hour forbids further notice in this issue.

Prof. H. J. Putney, the old reliable piano tuner, will soon be in Bryan. Wait for him to tune your piano. 238

THE STEEL FAMINE.

It Is Causing Delay in Completing Some of Our Warships.

Washington, Aug. 31.—On account of the steel famine considerable difficulty is being experienced by the navy de-partment in obtaining reasonable bids for work contemplated at the navyyard and the construction of men-of-war is being delayed.

The Gas Engine and Power company of New York has specifically called the attention of the department to the diffi-culty of obtaining steel as a reason in support of its request that the time of completion of the torpedo boat Bailey be extended. Similar requests have been received from other warship con-structors and they advance the same reason as the cause of delay.

The bureau of supplies and accounts, which contracts for thousands of dol-lars worth of small steel supplies, has found that the price of these supplies is twice what it was a year ago. The list of bidders has also contracted, many of the large firms having withdrawn from competition for those contracts. It has been noticed that the Carnegie Steel company is not submitting bids in this direction, though in the past the Car-negie company in order to keep its mills employed, has been very anxious to obtain the work.

The bureau of yards and docks re-cently advertised for bids on a contract for the construction of a workshop and boiler house for ordnance at the League Island navy yard.

The original specifications called for the use of considerable steel. The bids received were higher than the appropri-ation and were rejected. Modifications in the plans were made and bids again invited. In the meantime the price of steel had risen and the bids were higher than on the first occasion. Further mod-ifications of the plans were made and new bids invited. But owing to the in-crease in the cost of steel the bids were relatively just as high and larger than the appropriation. Rear Admiral Endicott has made further modifications which will reduce the amount of steel to be employed and bids for the building will be opened on Sept. 19.

Pensacola, Fla., Aug. 31.—Zach B. Bailey, the negro postmaster at Mill-view has been lodged in jail here in de-fault of \$1500 bond for robbing the mails. A successor was appointed to Bailey and four differ-ent commissions sent him, all of which were held out by the negro.

COMMITTEES NAMED.

Many Important Changes in Democratic National Committees.

ALTGELD SHELVED.

He Does Not Even Get a Place on Any of the Three Committees Appointed by Acting Chairman Stone.

St. Louis, Aug. 31.—John R. McLean, the Democratic nominee for governor of Ohio, is now at the head of the ways and means committee of the Democratic national committee. His appointment being announced by William J. Stone, it being one of the features of the reorganization plan decided upon at the Chicago meeting of July 20. Another feature is the elimination of John P. Altgeld from the national councils of his party. His resignation from the ways and means committee is accepted and his friend, Devlin, who has charge of the press bureau will soon follow him in retirement, it is predicted.

Still another feature is the elevation into great prominence of J. G. Johnson of Kansas, he being made chairman of the executive committee and also having a seat in each of the other two bodies affected by the reorganization plan.

The new members of the committees were announced by Vice Chairman Stone on receipt of a letter sent by Chairman Jones who is now in Europe. They are as follows, the first one named in each case being the chairman:

Executive—J. G. Johnson of Kansas, W. J. Stone of Missouri, Daniel Campau of Michigan, John G. Shanklin of Indiana, Thomas Gahan of Illinois, James M. Head of Tennessee, Henry D. Clayton of Alabama, W. H. Thompson of Nebraska, G. Fred Williams of Massachusetts, L. D. O'Brien of Minnesota.

Ways and means—John R. McLean of Ohio, Urey Woodson of Kentucky, Adair Wilson of Colorado, J. J. Dwyer of California, Benjamin R. Tillman of South Carolina, Frank Campbell of New York and J. G. Johnson of Kansas.

Press—Clark Howell of Georgia, Josephus Daniels of North Carolina, Alex Troup of Connecticut, C. A. Walsh of Iowa and J. G. Johnson of Kansas.

The former members of the ways and means committee, J. P. Altgeld, Senator Allen, Senator Teller and Mr. Stone, resigned and requested Chairman Jones to name their successors. Chairman Jones will be ex officio chairman of all subcommittees.

The new committees will meet within 10 days in Chicago and organize for the campaign.

STREET CAR BLOWN UP.

One at Cleveland Shattered by Some Powerful Explosive.

Cleveland, Aug. 31.—A combination car on the Wilson avenue line was blown up by a powerful explosive between Scovill and Quincy streets at 9:30 o'clock Wednesday night. There were six passengers on board, five of whom sustained broken legs. The other passenger and the crew of the car escaped without injury.

The explosion came with such force that it lifted the car entirely off the track, destroying the trucks and demolishing the flooring. Then fell again on the track and in such a way as to imprison the injured passengers. They were rescued by the crew of the car. The report of the explosion was heard on the public square three miles from the scene.

There is no clew as to the perpetrators.

Negro Preacher Killed.

Maryville, Mo., Aug. 31.—Rev. William Johnston, evangelist of the colored Baptist church for Kansas and Missouri, was killed here by Officer John Wallace while resisting an attempt to take him to jail. Johnston was convicted of having made indecent proposals Monday to Mrs. Alice Barton, a respectable white woman, and sentenced to nine months imprisonment. Johnston is the colored man who created much comment by saying a short time ago at a meeting of negro preachers in Leavenworth, Kas., that the negroes must organize, arm and kill those who lynch their brethren.

Experiment Farm Damaged.

Abilene, Tex., Aug. 31.—The grass on the government experimental grass station was burned off this week by a prairie fire, 600 acres being burned over. The portion of the station devoted to cultivation of special varieties introduced from other countries escaped. All the grass on the portion of the land where experiments were being conducted for the purpose of restoring the ranges was burned off.

Blaze in Yokohama.

Yokohama, Aug. 16, via Victoria, Aug. 31.—The greatest fire in the history of Yokohama occurred Aug. 12, when a square mile of buildings was destroyed and 160 lives lost. The property loss is estimated at between \$5,000,000 and \$6,000,000. The owner of the house where the fire started was killed by a mob.

Florida Whitecappers.

Tampa, Fla., Aug. 31.—George E. Durham, Bart Smith, John Webb, Gary Smith, Horace Tupper, Harry Horse and Madison Barber, who were arrested charged with whitecapping Postmaster Crum, were released on bond ranging from \$1000 to \$3000. Warrants are out for nine others.
